

Fire Service Training

Oklahoma State University | College of Engineering, Architecture and Technology

2016 Fiscal Year Annual Report

COLLEGE OF
Engineering, Architecture and Technology

Oklahomans,

This year we celebrate the accomplishments of the past year while at the same time giving you just a hint of new things to come in 2017!

The FST staff has worked extremely hard during 2016 to bring high-quality training to Oklahoma firefighters and other emergency responders! We appreciate, and greatly value, all of our training partners across the state of Oklahoma.

Together we are better! Our firefighters continue to face daunting tasks in dangerous situations on a daily basis. Our goal is very simple, we, along with our training partners, will provide the training needed to ensure that Oklahoma firefighters return home safely to their families at the end of their shift! Be safe out there!

A handwritten signature in black ink, appearing to read "E. Reynolds", written in a cursive style.

Dr. Erick Reynolds
Director, Fire Service Training

Swift Water Rescue

\$45.2

million state-of-the-art whitewater rafting and kayaking center

Oklahoma State University has an exclusive agreement with Riversports Adventures to offer world-class training to Oklahoma

firefighters, additional firefighters and every emergency responder from across the United States & North America! Oklahoma State University Fire Service Training (FST) and Riversports Adventures have formed a partnership to provide Oklahoma firefighters and other emergency responders with swift water rescue classes. The training will be conducted at the new \$45.2 million, state-of-the-art whitewater rafting and kayaking center, located on the river just southeast of Bricktown in Oklahoma.
